

Office Recycling Program

Everyday each one of us throws away over one pound of recyclable office waste.

This paper ends up in a landfill, costs your company money and is not environmentally friendly.

We need your help to protect our environment and natural resources.

These materials can be placed in the recycling containers located throughout your building:

*****Envelopes - With or Without Windows*****

*****Junk Mail*****

*****Magazines*****

*****Copy Paper - Color or White, Printed or Unprinted*****

*****Newspapers*****
